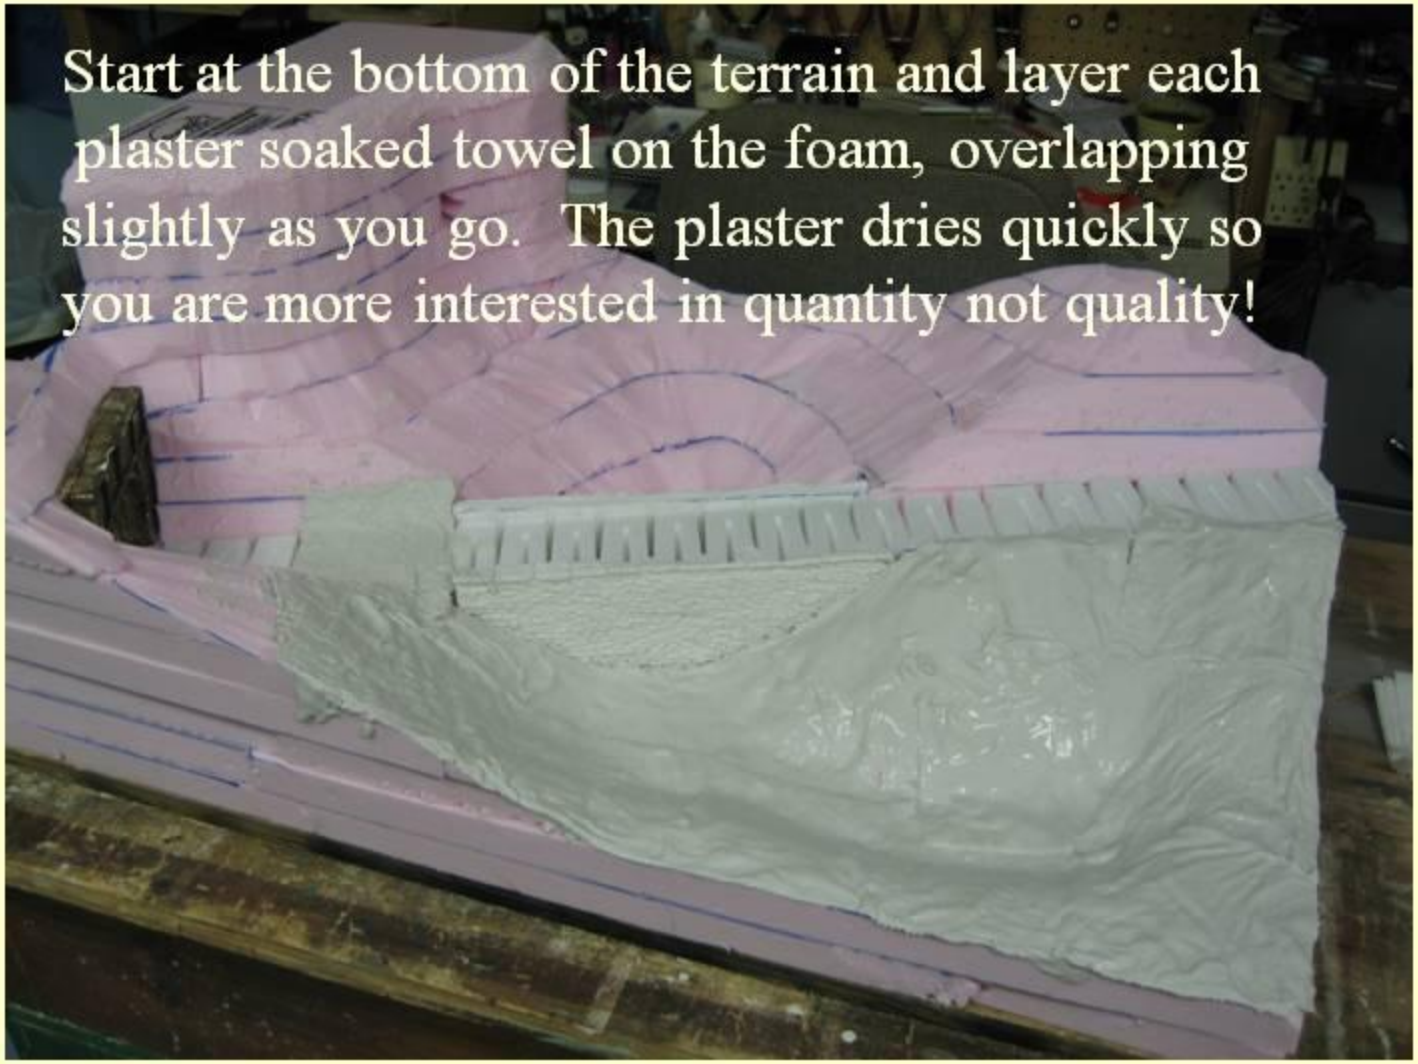
Adding Plaster towels



Start at the bottom of the terrain and layer each plaster soaked towel on the foam, overlapping slightly as you go. The plaster dries quickly so you are more interested in quantity not quality!

Adding Plaster towels

Adding Plaster towels

Adding Plaster towels

Simply dip a piece into plain water

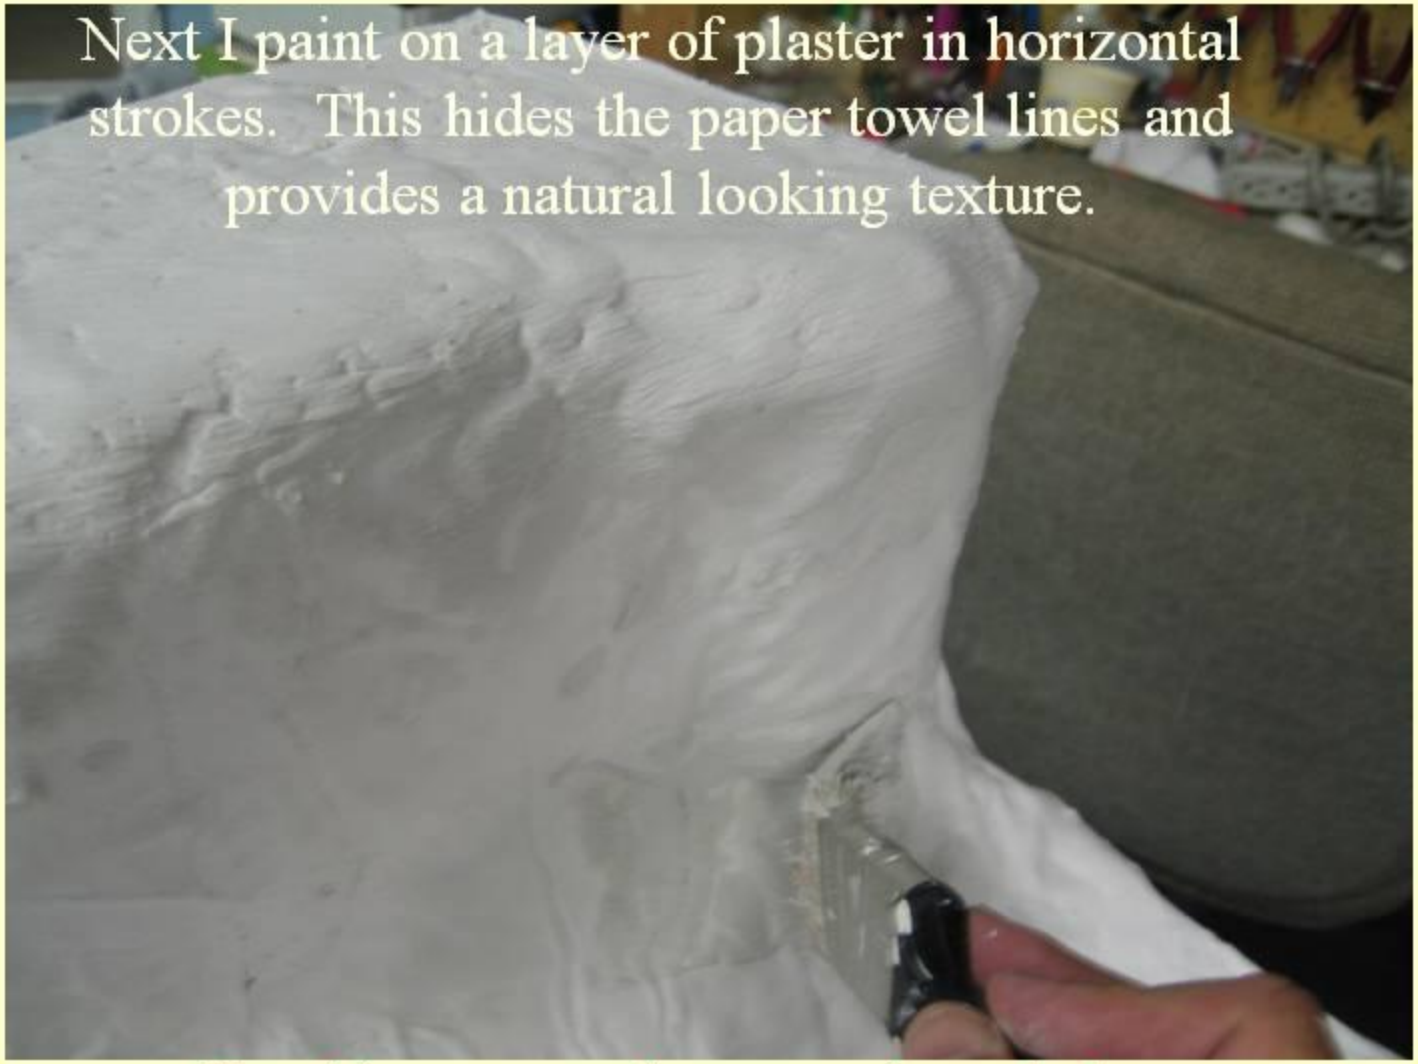
Paint on more Plaster



Next I paint on a layer of plaster in horizontal strokes. This hides the paper towel lines and provides a natural looking texture.

For this, start at the top and work down
